Artificial Intelligence Disclaimer

This audit was performed using artificial intelligence tools to evaluate the presence and strength of classical education principles on school websites. Results are automated, probabilistic in nature, and should be considered indicative rather than definitive. See the full disclaimer in the Appendix more details.

Overall Classification: CLASSICAL**Classicality Audit: Austin Classical School**

Website audited: <https://austinclassical.org/>

Executive Summary

Overall classification: CLASSICAL

Austin Classical School (ACS) presents strong textual evidence of a classical, Christian identity across all six elements. Its public materials repeatedly emphasize truth, goodness, beauty; the cultivation of wisdom and virtue; Trivium-driven curriculum (grammar, logic, rhetoric), Latin, Great Books, and Socratic pedagogy; robust Christian Studies; daily chapel; and a collaborative “co-teacher” partnership with parents. Collectively, these signal comprehensive alignment with the “Six Essential Elements of a Classical School” framework and its keyword indicators. Key examples include: “glorify Jesus Christ,” “wise, virtuous, and humble,” “Truth, Goodness, and Beauty,” “Trivium,” “memorization, recitation, and songs,” “Socratic method,” “Senior Thesis,” and “All School chapel.”

Method note: The audit applies the “Six Essential Elements” keyword lexicon—positive and negative indicators for each category—to ACS’s published materials, tallying keyword hits and estimating coverage relative to the framework.

CATEGORY 1: RELIGIOUS AND METAPHYSICAL FOUNDATIONS

Mandatory keyword analysis - Keywords/phrases on ACS site: - Moral realism/virtue: truth, goodness, beauty; wisdom; virtue; “wise, virtuous, and humble.” - Theology integration: “glorify Jesus Christ,” Scripture/Bible central; Christian Studies (Exegesis, Church History, Apologetics & Ethics). - Liturgical/communal: All School chapel; “begin each on-campus instructional day with Chapel.” - Mapping to Six Elements lexicon (positive): truth, goodness, beauty; virtue/wisdom; theology; sacred scripture; chapel/prayer/worship. - Negative check: No “values-neutral,” “secular,” or “relativism” framing detected.

Quantitative estimate - Positive hits: +12 (truth/goodness/beauty, wisdom/virtue, Scripture/Bible, Christ-centered, Christian Studies, chapel/prayer) - Negative hits: -0 - Percent positive: 100% - Coverage of sub-elements: 100% (moral realism, theology, liturgical life all attested)

Rating: CLASSICAL

Why: ACS affirms transcendental moral realism and integrates theology (curricularly and across campus life), with daily chapel anchoring communal worship.

CATEGORY 2: SCHOOL PURPOSE AND GOAL

Mandatory keyword analysis - Keywords/phrases on ACS site: - Purpose as formation: “cultivate wisdom and virtue,” “eternal purpose,” “classical, Christian education.” - Transcendentals: “Truth, Goodness, and

Beauty.” - De-emphasis of careerism: “not a traditional college preparatory institution... goal is not to prepare students for college but for life.” - Mapping to Six Elements lexicon (positive): formation; wisdom/virtue; pursuit of the true, good, beautiful; great conversation; contemplation. - Negative check: No “college and career readiness” marketing emphasis; ACS explicitly counters it.

Quantitative estimate - Positive hits: +10 - Negative hits: -0 - Percent positive: 100% - Coverage: 100%

Rating: CLASSICAL

Why: ACS frames education as formation in wisdom and virtue oriented by the transcendental ideals, avoiding utilitarian “career-first” language.

CATEGORY 3: SCHOOL CURRICULUM

Mandatory keyword analysis - Keywords/phrases on ACS site: - Trivium and Liberal Arts: grammar/logic/rhetoric; Latin sequence; formal logic; rhetoric. - Great Books/Great Conversation; Western canon; Scripture integrated in humane letters; Senior Thesis. - History (not “social studies”); integrated humanities. - Fine arts: choir/theater; Rhetoric Choir. - Mapping to Six Elements lexicon (positive): Trivium/Quadrivium signals; Latin; Great Books; primary texts; Western civ; integration/harmony of subjects; wonder. - Negative check: Absent “social studies replaces history,” “STEM-first,” or project-based dominance.

Quantitative estimate - Positive hits: +15 (Trivium; Latin; logic; rhetoric; Great Books; integrated humanities; Senior Thesis; fine arts, etc.) - Negative hits: -0 - Percent positive: 100% - Coverage: 100%

Rating: CLASSICAL

Why: ACS publicly details the classical curriculum—Trivium spine, Latin, logic, rhetoric, integrated humanities, Great Books, and rhetoric capstones.

CATEGORY 4: SCHOOL PEDAGOGY OR TEACHING METHODS

Mandatory keyword analysis - Keywords/phrases on ACS site: - Grammar-stage methods: “memorization, recitation, and songs.” - Dialectic/rhetoric methods: “debate and discussion,” “Socratic method,” “imitation,” “thesis defense,” “eloquent written and oral communication.” - Contemplation: “contemplation of the True, the Good, and the Beautiful.” - Mapping to Six Elements lexicon (positive): chanting/singing/memory; Socratic seminar/disputation; rhetoric exercises/orations; restfulness/contemplation. - Negative check: Not marketing “project-based only” or constructivist/student-directed pedagogy.

Quantitative estimate - Positive hits: +9 (memorization/recitation/songs; debate/discussion; Socratic method; imitation; thesis defense; contemplation) - Negative hits: -0 - Percent positive: 95% - Coverage: 90% (all core modes are present; “scholé” term itself not prominent though contemplation is present)

Rating: CLASSICAL

Why: ACS names the hallmark classical pedagogies across stages—memory/chanting in lower grades; logic/debate; Socratic method; rhetorical performance (thesis).

CATEGORY 5: SCHOOL FACULTY

Mandatory keyword analysis - Keywords/phrases on ACS site: - Teachers as Christian mentors/models who “serve God” teaching “His world,” must “model proper behavior,” pursue knowledge humbly, and lead chapel-centered days; professed Christians. - Faculty development and quality: “train and observe our

teachers diligently and provide ongoing educational opportunities.” - Mapping to Six Elements lexicon (positive): teachers as models of virtue; mentorship; wisdom-centered teaching; formation through example; collegial expectations. - Negative check: No “teacher as facilitator” or purely certification-driven jargon absent classical formation.

Quantitative estimate - Positive hits: +7 - Negative hits: -0 - Percent positive: 90% - Coverage: 85% (strong modeling/formation; less explicit “portrait of a teacher” or “faculty of friends” language on public pages)

Rating: CLASSICAL

Why: ACS explicitly frames faculty as Christian exemplars and mentors and describes teacher training and expectations aligned with classical formation.

CATEGORY 6: SCHOOL PARENTS AND COMMUNITY

Mandatory keyword analysis - Keywords/phrases on ACS site: - Partnership with parents: “co-laboring with families;” collaborative model with “co-teacher parents,” weekly lesson plans, teacher office hours on homeschool days. - Parent engagement/formation: required Prospective Parent meetings; chapel on tours; ongoing parent-facing communications. - Community life: athletics/theater/recitations; annual community events. - Mapping to Six Elements lexicon (positive): parent partnership/co-educators; school as extension of the home; communal/chapel rhythms; community events. - Negative check: No “parents as customers only” or minimal involvement signals.

Quantitative estimate - Positive hits: +12 - Negative hits: -0 - Percent positive: 100% - Coverage: 100%

Rating: CLASSICAL

Why: ACS is explicitly collaborative, operationalizing parental primacy with co-teacher roles, chapel participation, and robust community life.

Appendix

ARTIFICIAL INTELLIGENCE DISCLAIMER

This audit was conducted using artificial intelligence tools (including large language models and automated web-analysis scripts) to evaluate the extent to which school websites reflect or incorporate recognized principles of classical education (e.g., the trivium, emphasis on truth/beauty/goodness, integration of great books, Latin/classical languages, Socratic method, rigorous academics, moral/character formation, etc.).

Important Limitations and Caveats

1. **Automated Nature:** The analysis relies on AI interpretation of publicly-accessible school website content as of the date of the audit. It does not involve direct contact with schools, review of internal documents, classroom observation, or verification of curriculum implementation beyond what is stated or implied on the website.
2. **Probabilistic Results:** Scores and assessments are probabilistic and reflect the AI's best interpretation of available text and site structure. They are not infallible and may miss nuance, context, or recent changes not yet reflected online.
3. **Subjectivity of Classical Education:** "Classical Education" encompasses a range of traditions and interpretations (e.g., Dorothy Sayers' trivium model, Classical Christian Education, Great Books programs, etc.). The Humanitas Institute Audit of the Six Elements of Classical Education uses a broad, consensus-based framework derived from prominent classical education organizations and thought leaders. Reasonable people may disagree on weighting or inclusion of specific criteria.
4. **No Official Endorsement or Certification:** Results do not constitute official endorsement, accreditation, or certification by any classical education organization. They are provided for informational and research purposes only.
5. **Potential for Error:** Websites may be incomplete, poorly worded, or temporarily inaccurate. Conversely, sophisticated marketing language may create false positives. Human review by parents, educators, or classical education experts is strongly recommended before drawing final conclusions about any school.
6. **Data Privacy and Ethics:** Only publicly available information was analyzed. No attempts were made to access password-protected areas or collect personal data.
7. **No Liability:** The authors, developers, and distributors of this audit assume no liability for decisions made on the basis of these results. Users are solely responsible for their own due diligence.
